

# Betelgeuse Workshop 2012

## The Physics of Red Supergiants

recent advances and open questions

Observatoire de Paris (France)  
November 26-29, 2012

### Topics:

- Late evolution of massive stars
- Atmospheric structure and dynamics
- Mass loss mechanisms
- Dust formation chemistry
- Red supergiants in galaxies

### Scientific Organizing Committee:

**A. Chiavassa** (Obs. de la Côte d'Azur, France)  
**L. Decin** (KU Leuven, Belgium)  
**A. Dupree** (CfA, USA)  
**P. Kervella** (Obs. de Paris, France)  
**T. Le Bertre** (Obs. de Paris, France)  
**G. Meynet** (Obs. de Genève, Switzerland)  
**G. Perrin** (Obs. de Paris, France)  
**S. Ridgway** (NOAO, USA)  
**J. van Loon** (Keele University, UK)
